Questions & Answers...

- Q. What is the financial goal of this campaign? What needs will the campaign address?**
- A. Our fund raising goal in this campaign is \$2,500,000.** The total estimated cost to build this new Parish Community Center is approximately \$6,000,000. To achieve this total, *we envision utilizing \$2,000,000 of our parish savings, borrowing \$1,500,000 from the Archdiocese, and raising \$2.5 million in this fund raising effort.* The new Parish Community Center will be a multi-dimensional facility that will provide the dynamic St. Matthew’s community with a single site for social, educational, and athletic events.
- Q. Who will be asked to give? When will the members of St. Matthew’s be approached?**
- A. Every member of the St. Matthew’s family will be given the opportunity to participate.** Due to our size, members will be approached in stages during **October, November, and early December.**

Our Campaign Theme...

“Faith in Action...Building for Our Future”

As a result of discussion within the campaign Leadership Committee, the above was selected as our campaign theme. It seems to perfectly capture our spirit in this endeavor. Through this campaign, we are clearly demonstrating our commitment to the ongoing growth and development of our parish. **Your participation is key if we are to be successful, so we’d like to extend an invitation to everyone to become involved.**
